“That Roscommon County Council undertake a full traffic assessment of the L-2042 known locally as the Circular Road, with a view to installing traffic calming measures such as speed ramps. This would help to reduce the speed vehicles using the road on a daily basis as a link between the R446 and R357.

The road in question has a 50km speed limit and should also be considered for footpaths and lighting under the Active Travel Scheme. These measures would also help to contribute to a reduction in speed on a road with a significant number of residential properties.”
