

BOYLE MD FUND 2024

Brusna Development Association

On behalf of BVC Development Association we are requesting an extension of 6 months to draw down funds.

We believe that subject to success in application for other funding used in combination with allocated funding from your office, we can successfully complete the project in six months.

On behalf of BVC we were hoping to have received more substantial funding to complete full works involved in tarmacadem of pathways in park.

We have submitted other funding application to ORIS for same and awaiting reply.

We appreciate your consideration in this matter.

Regards

Kathleen Horan

Chairperson

BVC Development Association
