18.17. ADOPTION OF MINUTES

On the **PROPOSAL** of Councillor Ward
SECONDED by Councillor Keogh

It was **AGREED** to adopt the Minutes of the Athlone Municipal District held on 21.03.2017.

19.17. MATTERS ARISING

- Update on Part 8 for Monksland
- Speed limits – what is the updated position with TII.
- Additional Parking at Ballybay Church.
- Update on Taking in charge of roads at Taylors Town, Crancam, Curraghgowan and 200m at Sandfield.

Majella Hunt and Diarmuid MacDonncha responded to queries as follows:

- Majella Hunt, Director of Services noted that the preliminary documents have been completed for the Part 8 at Monksland. There is a requirement for land to be taken in charge and the landowner has been approached, with no final outcome as of yet. Ms. Hunt advised that a proposal has been put forward to ring fence funds for this project and was hoping to get part funding from the NRA for the extension of the bus service along this 1km route. A full update will be given at July meeting.
- No response received yet from TII in relation to speed limits.
- No available funding for additional parking at Ballybay and no requirement that Roscommon County Council provides parking at the church or school. Ownership of land remains with the parish and should consider funding from MD Funding Scheme.
- Diarmuid MacDonncha outlined that a budget of €20k has been set aside for Taking in Charge of roads. Crancam is estimated at a cost of €50k to bring up to standard. Taylorstown is estimated at €12k. It is purely a funding issue and we can only do what we have funding for, but this is a matter for the Councillors. A long discussion followed and Cllr. Ward said there was an expectation that Councillors put proposals together for taking in charge, and Roscommon County Council was slow to progress roads in rural areas with limited houses. In reply, Director of Services, Majella Hunt advised that priority must be given and must understand the reverse of this situation. Diarmuid MacDonncha agreed to have a detailed estimate of costs in relation to Crancam for the July meeting. Cllr. Ward thanked Roscommon County Council for work done with limited resources.

On the **PROPOSAL** of Councillor Kilduff
SECONDED by Councillor Ward

It was **AGREED** to commence the taking in charge process at Crancam subject to funding being available as outlined by the Municipal District Co-ordinator.

20.17. MUNICIPAL DISTRICT SCHEDULE OF WORKS

21.17. CORRESPONDENCE

- Letter dated 4 April, 2017 from Mr. Simon Coveney, T.D. Minister for Housing, Planning, Community and Local Government outlining that the Boundary report will be addressed as appropriate, in the overall local government reform programme.

Cllr. Naughten expressed his disappointment at a letter previously received from Transport Infrastructure Ireland (TII) outlining their position that they do not facilitate requests for meetings with individual Municipal Districts (MD). There was unanimous agreement that not recognising Municipal Districts is total disregard for Councillor's and in this situation the farming community.

On the **PROPOSAL** of Councillor Keogh
SECONDED by Councillor Naughten

It was **AGREED** that a letter be sent to TII outlining our dissatisfaction that they do not facilitate requests for meetings with individual Municipal Districts. This letter to be copied to the Department.

On the **PROPOSAL** of Councillor Keogh
SECONDED by Councillor Naughten

It was **AGREED** that a separate letter be sent to Minister and the Department.

On the **PROPOSAL** of Councillor Fallon
SECONDED by Councillor Ward

It was **AGREED** that the following notice of motion be submitted to the next plenary meeting of Roscommon County Council on behalf of the six Athlone MD Councillors.

"In light of the enhanced role of the Municipal Districts, Roscommon County Council ask that Transport Infrastructure Ireland would amend its stated policy of only meeting County Councils, to meet representatives of Municipal areas on issues that pertain to their area".

Councillor John Naughten requested that a copy of the Jennings's, O'Donovan Report be circulated to members.

Cllr Ward referred to the letter dated 4 April received from Minister Coveney and outlined that the boundary review was still an on-going issue. All members agreed that we need to remain focused on the issue.
